Happy

Easter!!

Pet of the Month

LaLoca is about 3 years old and has won the hearts of all of the folks at the shelter. She was initially very shy, soon realized it was a safe place and her personality came right out! She is a very smart, sweet affectionate girl who knows basic obedience skills and loves to walk and play. She is located at Father John's Animal House in Lafayette. Stop by and let her big brown eyes melt your heart!

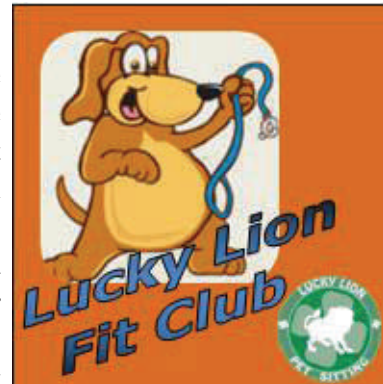

Northern New Jersey Pet Expo

Lucky Lion Pet Sitting will be participating in the Northern New Jersey Pet Expo located at the Sussex County Fairgrounds in Branchville on May 9, 2009, from 10am to 5pm. Come out and support a good cause and have fun! Please visit the following link for the event schedule: nnjpetexpo.com/eventschedule.htm

Don't forget to bring your donations for the people and pet food drive. Maybe you will even find a new forever friend during the adoption event!

Lucky Lion Fit Club

Are you looking for new and exciting ways to socialize and exercise your dogs (and yourself)? Here's a chance for you and your dog to make new friends and get fit. Walking in a pack is an excellent source of mental stimulation for all dogs. It is also a great way to for reactive dogs to feel more comfortable with other dogs and new settings and hopefully become less reactive on their walks. Organized walks in various locations will help mix it up and keep you and your dog from getting bored. Events will vary from basic walks to hikes to swim meets, etc. Visit us at luckylionpetsitting.com/LLFC.php for more information or to join the club.

Easter Bunnies

Please refrain from turning pet store rabbits into holiday gifts during the Easter season. In a few weeks, these baby bunnies grow up and the child/family may lose interest. If you are considering a rabbit as a pet for your own children, please do your research. They can live up to eight years and require a large cage and daily attention and affection. If you decide this pet is right for you and your family, please consider adoption as there are thousands of "Easter Mistakes" in shelters across the country.
